HELP WANTED-Male.

There are two kinds of us.

Like poets, Masters and Servants re born, not made. A born Servant s not a good Master. A born Master not a good Servant.

Take your own case for flustration, it may be that circumstance has denied you the chance to prove your ability as the head of your own business and that working for others, not being your forto, has been disappointing.

JETANCE TO SAY TO EACH OTHER. I am a Security Salesman. I re-gard it us one of the most honorable and dignified professions, because I conduct it in just that way. Right row I am the executive in charge of the building up of a high class, med-era selling organization for a reputa-ble and established banking house. But I am no more a "boss" than I am when out in the field. A Success-ful Salesman always is his own "boss."

In Salesman always is his own "boss."

I know what a good salesman wants and what he chould have, and I am providing it for the members of our organization. It has been made easy for me because I have been furnished at the outset with one of the propositions that ever was presented to the prospective investor.

I have an office equipment second to none, with its spacious assembly rooms where we all meet and exchange ideas and experiences on a common teasis, a well appointed correspondence room where we all have our desks and up-to-date facilities to attending to the detail of our number of the desks and up-to-date facilities of attending to the detail of our number we not off any lecture hall with diagrams, to also a detail to the control of the

I don't know what you think about your own ability, but just guessing at it. I think I can show you how to make considerably more than that. I'd like to have you get in touch with me so that I can arrange a personal intercies.

Some of us were born to serve. We do it well and are happy. Some of us were born to rule. We lack the opportunity or the ability and are broke. Which is the better off? Joyous faces are seen on the lower East Side, not in the purileus of Finance.

You perhaps have made up your mind to secure a position as a clerical worker in the office of some business house, or perhaps you have looked at many propo-sitions of life insurance and stock sell-ing and paid no attention to them.

However, no matter what position you are seeking, we want you to consider seriously the advisability of entering our organization, which has been stabilished for about two years. This is a combination of insurance assist stock proposition which has been indorsed by thousands of people, not only in New York but in other cities where our offices have also been entablished.
